YOUR TRUSTED IT PARTNER FOR INDEPENDENT SCHOOLS AND NONPROFITS

SECUREWON

MANAGED AND CO-MANAGED IT

Whether you need a complete IT team or a skilled partner alongside your existing staff, we keep your school or organization secure, supported, and running smoothly.

AI READINESS & STRATEGY

Wondering where AI fits at your school or organization? We assess where you stand, build a clear plan, and help your leadership move forward with confidence.

CLOUD & DIGITAL TRANSFORMATION

We modernize aging infrastructure and move your systems to secure, scalable cloud platforms like Azure, so your people can work from anywhere.

CYBERSECURITY & INSURANCE READINESS

Cyber insurers expect more from schools and nonprofits every year. We help you meet those standards, including MFA, encrypted backups, staff training, and incident response plans, so you qualify for coverage and stay protected when it counts.

BACKUP & DISASTER RECOVERY

If your systems go down for a day, what does it cost your school or your mission? Our backup and recovery solutions get you back up fast, with a plan already in place.

WHERE IT PARTNERSHIP MEETS PERSONAL CONNECTION

SecureWon is a managed IT and cybersecurity partner for independent schools and mission-driven nonprofits. With teams across the country, we help leadership protect their communities and prepare for AI. Our Assess, Plan, Remediate, and Manage approach gives you clear priorities and a partner who stays with you.
